English for Sustainable Development Goals: Vocabulary and Conversational Skills Development

Wednesdays 7:00pm-9:00pm

Winter Semester 2018, 10 times

Course Instructor: Richard King Tai

Overview

This course is for anyone with limited or no knowledge of the Sustainable Development Goals but would like to increase their understanding of the SDGs while learning and practicing the key English vocabulary and concepts regarding the related issues. Class participants should expect to gain an increased English vocabulary related to the current issues concerning the Sustainable Development Goals, the United Nations and global society, as well as gain a further understanding of those issues.

The course will be conducted in a workshop format; the instructor will introduce new material every week and focus on group and whole class discussions, pair work exercises and simulation activities.
